NOTICE OF PUBLIC INFORMATION CENTER 1
Road Reconstruction - Municipal Class EA Study and Preliminary
Design
St. Ann's Road, West Lincoln

The Study

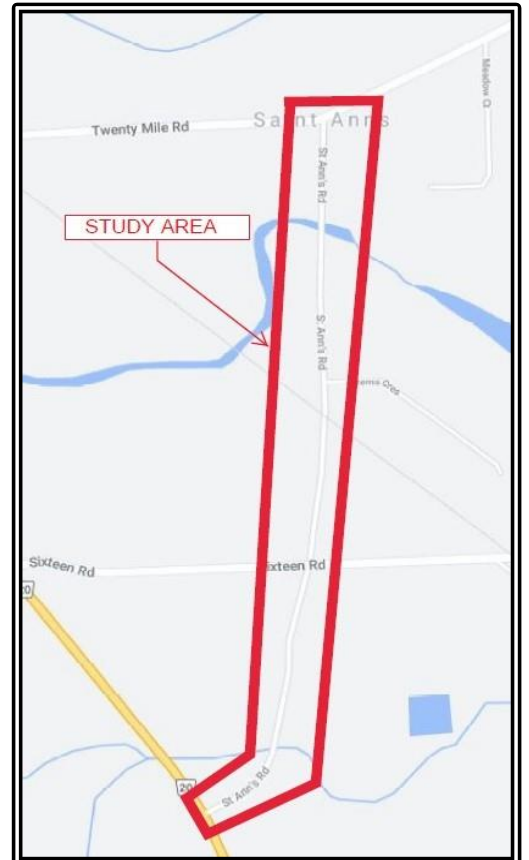

The Township of West Lincoln has initiated a Class Environmental Assessment (Class EA Schedule B) to evaluate and recommend transportation improvements along St. Ann's Road between Regional Road 20 and Regional Road 69 (Twenty Mile Road). The purpose of this Class EA is to review, study and recommend improvements to St. Ann's Road and mitigate any negative environmental impacts. The Township has also chosen to include intersection improvements, drainage improvements, bridge rehabilitation and railway crossing improvements along with the road reconstruction. The Class EA will examine various design options to be used later for a detailed design.

The Process

The project is being planned in accordance with Schedule "B" of the Municipal Engineers Association (MEA) Municipal Class Environmental Assessment (Class EA) guidelines (October 2000, as amended in 2007 & 2011), which is approved under the *Ontario Environmental Assessment Act*.
