Subject: NPCA comments regarding consent application B01/2024WL –Agriplastics (Polydome Ont. Inc.) - 7793 Young Street

Good afternoon Stephanie,

Thank you so much for circulating the NPCA the consent application package B01/2024WL –Agriplastics (Polydome Ont. Inc.) - 7793 Young Street.

7793 Young Street is impacted by a buffer of a water course as well as a buffer of the Lower Twenty Mile Creek Wetland Complex. However, the wetland buffer is negated by the public road (Young Street).

Through the provided material the proposed consent application is a boundary adjustment where 7793 Young Street is to receive lands from 7880 Concession Rd 7.

7880 Concession Rd 7 is impacted by regulated watercourses and the buffer of Lower Twenty Mile Creek Wetland Complex.

It appears that the lands in question for the boundary adjustment do not have NPCA regulated features as such the NPCA has no concerns and will not require a review fee.

Best,
Meghan
