Good afternoon Stephanie

113 Griffin Street

Staff note this application is exempt from review as the Region has been reviewing the Site Plan application. Any requirements will be address through that application.

7 Wade Road

Regional staff note that no review is required as a previous comment letter (Township File No. B02/2024WL) was circulated and recommended an archaeological warning clause as a condition. It is noted that the Committee of Adjustment did not add in the condition as per the Notice of Decision. Accordingly, staff have no further comments to provide but wish to reiterate the archaeological warning clause for the applicants information.

"If deeply buried or previously undiscovered archaeological remains/resources are found during development activities on the subject lands, all activities must stop immediately. If the discovery is human remains, contact the police and coroner to secure the site. If the discovery is not human remains, the area must be secured to prevent site disturbance. The project proponent must then follow the steps outlined in the Niagara Region Archaeological Management Plan: Appendix C."

Please do not hesitate if you have any questions or concerns with the above.

All the Best,

Connor Wilson
